Hamlin of this city and involves about \$10,000. The company will erect warehouses and cold storage buildings thereon.

A Sudden Death.

Died, April 7, 1882, at 8 o'clock p. m., at her summer home near Brownsville, Mrs. R. J. McLeish, wife of L. A. D. McLeish.

The death of Mrs. McLeish was very sudden and unexpected, caused by heart disease. She was seated in her room last evening and her husband was reading to her an account of the death of a friend in some paper, when she suddenly complained of feeling very bad, and expired in a few moments. Deceased was a native of Worth county, Georgia. She came to Texas about two years ago with her husband and children, having resided about a year in DeWitt county and a short while at Corpus Christi, from which place they came to locate in this country some time last year. The loss of the loved wife and mother, by such a sudden death, is a heavy blow to the family. Besides her husband, six sons and five daughters, the youngest an infant of five weeks, survive to mourn her loss. All the children, except the eldest, a grown son, are at present living on the farm near Brownsville. The bereaved family have the sincere sympathy of the entire community in their sad and irreparable loss.

The funeral takes place this afternoon at four o'clock from the family residence in the country near the Pipkin settlement. Interment will take place at the city cemetery in this city.

PURELY PERSONAL.

Messrs. Garland returned last evening from their trip up the river.

A. Barnes of San Antonio, who has been here a week or so looking at the country, left for home by this morning's stage.

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. S. CHENY & CO., Toledo, O. Sold by Druggists 75c. Hall's Family Pills are the best.

LATE ITEMS.

The Canadian Government has seized \$15000 worth of false teeth that were smuggled into that country from New York.

Cecil Rhodes' will leaves the bulk of his fortune to public benefactions, making large bequests for education. Among others is a provision for two scholarships at Oxford for each state and territory of the American Union.

The objections of Senator Culbertson to the bill for protection of the president are coincided with by the committee in the house.

The widow of the late Henry Plant proposes to donate the splendid Tampa Bay hotel at Tampa, Fla., to the Catholic church for a Jesuit college, provided her stepson Morton A. Plant agrees. The hotel was built by her late husband and cost a million dollars.

AUXILIARY SHONER LINE

Between Corpus Christi and Galveston—First Sailed Saturday.

Galveston News, April 5.

The new line of auxiliary schooners is to be formally started to-day with the sailing of the Waver, which has just arrived with her new auxiliary power in shape and ready for active work. She is to sail for Corpus Christi to-day and again next Saturday, and on the following Saturday it is hoped to have the Katie M. in service, she having gone to receive her auxiliary equipment.

The navigation of the schooners has received a great deal of moral encouragement, for the very good reason that these lines will enter territory rightfully belonging to Galveston as water territory, but not before generally available as nothing but small sailing vessels, yet they are equipped with auxiliary engines and power to keep them going in adverse winds or calms, so that traps can be made with quite reasonable accuracy. A great field is now opening up for them and includes nearly every place of prominence along the Texas coast this side of Brownsville. In fact there is talk of putting a third vessel into the service, one being now available.

TEXAS NOTES.

Water is very scarce at El Paso, and the water company will no longer furnish water for sprinkling lawns and streets. The scarcity is owing to the fact that there has been no flood in the Rio Grande at that point so far this year.

Postal receipts at Chero show an increase of ten per cent over last year.

The South Texas oil company will begin boring for oil this month in Bexar county.

Judge John H. Reagan still continues quite ill at his home in Palestine.

High Pressure Days.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the piazevously effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Saraparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.

Congressman Burleson of Texas has introduced a bill in congress for an international dam at El Paso.

Opening at the Ashland Hotel.

The Misses Douglas' beg to announce to the public that on Tuesday, April 16, they will open their Ice Cream Parlor, where ices and cakes will be served from 5 to 10 p. m.

They also take this opportunity to thank their many patrons for their liberal patronage in the past, and hope to as faithfully serve them in the future. They therefore trust to receive all their patrons on the 15th.

Music from 8 to 10 p. m.

Santa Gertrudis Cabbage.

The first carload, 24,000 lbs., of cabbage ever loaded at Alice, Texas, was shipped this morning. The cabbage was raised under irrigation on Santa Gertrudis ranch and was hauled to Alice in 10 wagons at one time. The ranch will ship fifteen carloads altogether.—Corpus Christi.
